

**7th Annual SF Etsy Indie Holiday Emporium
In Our New Home At Beautiful Pier 27
in San Francisco, California**

Etsy comes to life and is bringing the cheer at San Francisco's most immersive and interactive shopping experience where you can personally meet all the makers! This event features local Bay Area designers and artists featured on the popular handcrafted shopping website, Etsy.

We are also featuring small batch food items from local makers, musical performances, artistic demonstrations, and crafting workshops provided by mobile craft company - GoGo Craft; plus giveaways!

We are thrilled to announce new activities for all of our guests including a giant felt sculpture installation created by felt artist and Bay Area craft legend - Erin Garcia of Feed the Fish Company!

Get your copy of SFetsy's first ever Coloring Book featuring over 48 Bay Area makers and have it signed by some of the artists when you meet them in person. SFetsy teamed up with City of San Francisco's Civic Center Initiative to produce the coloring books and proceeds

from each sale supports local community organizations; SF Fire Program, Larkin Street Youth, and SF Safe House.

Come and experience holiday warmth at San Francisco's beautiful Pier 27 and take in all the scents and sights of over 150 + talented vendors and their holiday merchandise, textiles, pottery, decor, jewelry, fashion and bath and body products. Meet the artists behind all these beautifully handcrafted and locally designed goods and celebrate the holiday season with us.

ABOUT ETSY

Etsy is a marketplace where people around the world connect, both online and offline, to make, sell and buy unique goods – anything from food to furniture. The heart and soul of Etsy is our global community: the creative entrepreneurs who use Etsy to sell what they make or curate, the shoppers looking for things they can't find anywhere else, the manufacturers who partner with Etsy sellers to help them grow, and the Etsy employees who maintain and nurture our marketplace. Founded in New York City in 2005, the website that began in an apartment in Brooklyn has evolved into a sophisticated technology platform that connects Etsy sellers and buyers across borders, languages and devices, a company that spans the globe and a business that is creating lasting change in the world.
